

Prof. Dr.-Ing. Jan-Niklas Voigt-Antons

Professor of Computer Science (Immersive Media) · Hamm-Lippstadt University of Applied Sciences
Director, Immersive Reality Lab · Guest Researcher, Technische Universität Berlin

jan-niklas@voigt-antons.de · voigt-antons.de · ORCID 0000-0002-2786-9262 · Hamm · Lippstadt · Berlin, Germany

€4.609 M	235	2,995	ITU-T P.812
third-party funding	publications	citations, h-index 29	co-developer

I study how virtual and augmented reality systems can be built so they actually work for people. My work pairs EEG, eye tracking and physiological sensing with XR deployments in hospitals, public space and safety-critical training — measuring what questionnaires cannot capture.

APPOINTMENTS

since 2024	Co-Head, Computer Visualistics and Design degree programme (with a co-lead), HSHL
since 2024	Founder and Director, HealthTech-HL research group
since 2022	Lead, Human-Machine Interaction research area , HSHL
since 2021	Professor of Computer Science (Immersive Media) , Hamm-Lippstadt University of Applied Sciences · Director, Immersive Reality Lab
since 2021	Guest Researcher, Technische Universität Berlin
2018–2022	Guest Researcher, DFKI Berlin — artificial intelligence in healthcare
2015–2021	Senior Research Scientist, Technische Universität Berlin
2012	Guest Researcher, INRS Montreal — perception experiments using EEG
2009–2014	Research Scientist, Telekom Innovation Laboratories — subjective and physiological test methods for perceived media quality; six years of research and development outside academia

EDUCATION

2014	Dr.-Ing. (Doctor of Engineering), Technische Universität Berlin, Faculty IV — Electrical Engineering and Computer Science, <i>magna cum laude</i> . Dissertation: <i>Neural Correlates of Quality Perception for Complex Speech Signals</i> , published as a monograph by Springer.
2008	Diplom-Psychologe (Psychology), Technische Universität Darmstadt, overall grade <i>sehr gut</i> — very good, the highest overall grade awarded in the German Diplom.
2000–2003	Staatlich geprüfter Assistent für Datentechnik (state-certified data technology assistant), Heinz-Nixdorf-Berufskolleg — state vocational examination in electrical engineering, information and telecommunication technology, specialising in data technology

Professional certification

2016	Professional Scrum Master I · Certified Scrum Product Owner — agile project methods, from the industry side of the six years spent in research and development outside academia
------	---

AWARDS & RECOGNITION

2025	Best Paper Award , MMVE Workshop @ ACM MMSys
2024	Key Innovator , Innovation Radar of the European Commission — twice: <i>Validation Methodology for XR Digital Twin Applications</i> and <i>User-Centered Design Methodology for XR Digital Twin Solutions</i>
2024	Special Prize, Sustainability Award of Volksbank Beckum-Lippstadt (for a supervised Bachelor's thesis)
2023	Best Journal Paper Award , IEEE Communications Society (MMTC)
2023	Diversity and Societal Impact Award, QoMEX
2021	Conference Paper Honorable Mention, IEEE VR
2016	Post-doctoral fellowship, Technische Universität Berlin
2007	Scholarship, Knowledge Enhancement for the Youth (KEY) programme of Daimler AG, Stuttgart

BIBLIOMETRICS

2,995 citations · h-index 29 · i10-index 83 (Google Scholar, 4 August 2026)

Of these, **2,055 citations** · h-index 23 · i10-index 62 **since 2021** — roughly two thirds of all citations fall in the last five years
1,662 citations from 1,181 documents · 155 indexed publications · h-index 22 (Scopus)

235 publications: 2 monographs and edited volumes · 5 book chapters · 39 peer-reviewed journal articles and 6 further journal contributions · 105 peer-reviewed conference papers and 59 further conference contributions · 17 contributions to international standardization · 2 VDE position papers

STANDARDIZATION & TRANSFER

Co-developer of **ITU-T Recommendation P.812**, *Principles of subjective test methods for interactive virtual reality (VR) applications* (2024)

17 contributions in total: ITU-T Study Group 12 (P.812, P.IntVR, P.PHYSIO, G.1035, P.GAME)

ISO/IEC JTC 1/SC 29/WG 2 (MPEG) — Metaverse use cases

DKE at DIN and VDE — digital qualification in healthcare

Policy advice, United Kingdom: co-author of a report on immersive technologies commissioned through UKRI under the DCMS Science and Analysis R&D Programme and written for government analysts and policy staff; contributed external expertise to the Metaverse Horizon Scanning workshop at Queen's University Belfast in May 2023 that fed into it

Shaping the Metaverse: policy engagement with immersive technologies in the UK, Queen's University Belfast, 2023

2024 founding of XRWise gUG under the BMWK innovation programme for business models and pioneering solutions — a non-profit spin-off carrying XR event tooling out of the research context

INVITED TALKS & KEYNOTES

Keynotes and invited talks

- | | |
|------|--|
| 2026 | Invited talk — <i>DIDYMOS-XR: Dynamische digitale Zwillinge in Extended Reality</i> — <i>realisiert am Smart Village Etteln</i> (DIDYMOS-XR: dynamic digital twins in extended reality, built at the smart village of Etteln). Westfälischer Zukunftsdialog, Westfalen e.V. mit der Hochschule Hamm-Lippstadt, Hamm, Germany. |
| 2025 | Invited talk — <i>Affektives Potenzial immersiver XR: Konversationen mit Robotern und Navigation</i> (The affective potential of immersive XR: conversations with robots, and navigation). Smart Systems Conference, Dortmund, Germany. |
| 2025 | Invited talk — <i>MIA-PROM — Multimodal Assistant system for collecting Patient-Reported Outcome Measures</i> . Forschungssymposium „Metaverse meets Health“, Hagen, Germany. |
| 2023 | Invited talk — <i>Impulsvortrag Immersive Medien</i> (Immersive media — an impulse talk). Stadtlabor Soest, Soest, Germany. |
| 2023 | Invited talk — <i>Nutzer*innenzentrierte Entwicklung von Chatbots: zur Optimierung von Systemen auf menschliche Bedürfnisse</i> (User-centred development of chatbots: fitting systems to human needs). Treffen der NExTcommunity Chatbot, NExT e.V. — Netzwerk: Experten für die digitale Transformation der Verwaltung, online. |
| 2023 | Invited talk — <i>Introduction and selected research topics</i> . Metaverse Horizon Scanning workshop, Belfast, United Kingdom. |
| 2023 | Invited talk — <i>Gebrauchstauglichkeit digitaler Assistenzsysteme durch Nutzer*innenzentrierung — Projektbeispiele mit verschiedenen Perspektiven</i> (Usability of digital assistance systems through user-centred design — project examples from several perspectives). 7. Ambient Medicine® Forum „CARE REGIO — Pflege im Aufbruch“, Kempten (Allgäu), Germany. |
| 2022 | Keynote — <i>Nutzung von Sprach- und Textparametern für die Personalisierung von digitalen Gesundheitsmaßnahmen</i> (Using speech and text parameters to personalise digital health interventions). Frühjahrstagung der Berliner Gesellschaft für Psychiatrie und Neurologie (BGPN), Berlin, Germany. |
| 2022 | Workshop keynote — <i>Umgang mit ethischen Fragen bei der Entwicklung von KI in EdTech-Anwendungen</i> (Handling ethical questions in the development of AI for educational technology). Workshop „Rahmenbedingungen für Künstliche Intelligenz in EdTech“, DELFI — Fachtagung Bildungstechnologien der Gesellschaft für Informatik, Karlsruhe, Germany. |

Visits and public visibility

2025	Presentation to a visiting delegation — <i>Virtuelles Institut für VR/AR</i> (Virtual Institute for VR/AR). Besuch von Ina Brandes, Ministerin für Kultur und Wissenschaft des Landes Nordrhein-Westfalen, Lippstadt, Germany.
2023	Project launch event — <i>Virtuelles Institut Augmented Reality / Virtual Reality in der Produktentwicklung</i> (Virtual Institute for Augmented and Virtual Reality in product development). Auftaktveranstaltung „Digitalise_SWF“, Lippstadt, Germany.

THIRD-PARTY FUNDING

Approximately **€4.609 million** in continuous third-party funding since 2015, across **22 funded projects** from 10 funding lines, with awards running through 2029

20 of 22 projects (€4.509 million) applied for and led independently; 3 coordinated as consortium lead

Funders: European Union (Horizon Europe, EIT Digital, Joint Programming Initiative), State of North Rhine-Westphalia (EFRE), BMBF, BMW/BMWK, BMDV, Innovation Fund of the Federal Joint Committee (G-BA), GKV-Spitzenverband, DAAD, industry partners

Period	Project	Funder	Role	Volume
2026–2029	ITT	EFRE	Subproject lead	€619k
2026–2029	XRT-HuFuSa	EFRE	Consortium coordinator	€289k
2025–2027	Silent Bed Monitor	ZIM	Subproject lead	€218k
2025–2027	XRwise	Innovationsprogramm für Geschäftsmodelle und Pionierlösungen	Subproject lead	€130k
2024–2026	ARiadne	ZIM	Subproject lead	€208k
2024–2025	Fast Jets	Training Optimization Programme	Sole applicant	€44k
2023–2027	Digitalise SÜDWESTFALEN	Innovative Hochschule	Subproject lead	€290k
2023–2025	DIDYMOS-XR	HORIZON Action Grant	Subproject lead	€303k
2023–2025	DigiOnTrack	mFUND	Consortium coordinator	€296k
2023	Body Interaction Lab	HSHL	Sole applicant	€246k
2022–2025	MIA-PROM	KIAS	Subproject lead	€206k
2020	ART	EIT Digital	Subproject lead	€299k
2020	BGF Pflege	Charité / AOK Nordost	Co-applicant	€39k
2019–2020	Mobil im Havelland	Charité / BMBF	Co-applicant	€61k
2019	Physiological workload measurement	Huawei	Sole applicant	€194k
2019	The health score	e-Therapists GmbH	Sole applicant	€20k
2018–2021	DemTab	Innovationsfonds	Subproject lead	€501k
2018–2021	VoiceAdapt	JPI More Years, Better Lives	Consortium coordinator	€256k
2018	GESOBAU workshops	GESOBAU AG	Sole applicant	€9k
2016	Augletics	Augletics GmbH	Sole applicant	€3k
2016	Post-doc fellowship	TU Berlin	Sole applicant	€74k
2015–2018	PflegeTab	GKV-Spitzenverband	Subproject lead	€304k
22 projects				€4, 609k

SUPERVISION

5 ongoing doctoral projects in the Immersive Reality Lab, each embedded in a funded project — named topics and completed procedures on the teaching page

4 completed doctoral examinations supervised or reviewed at TU Berlin, including one binational cotutelle with the University of Technology Sydney

Where they went afterwards: three of the four are postdoctoral researchers at TU Berlin, one works in industry in Colombia

Papers from the lab are presented at their conferences by the doctoral researchers who wrote them — I lead the work, and prepare the presentation with them

35 Master's and 70 Bachelor's theses supervised since 2011

TEACHING

Continuous teaching activity **since 2013**, at Technische Universität Berlin and Hamm-Lippstadt University of Applied Sciences, in German and English

Topics: Augmented Reality · Virtual Reality · Interactive Systems · Graphical User Interfaces · UX Research · Software Ergonomics · Visual Computing · Ubiquitous Computing · Game Development · Introduction to C and C++ · Usability Engineering · Physiological Computing

Module responsibility: *Human Perception* („Mensch und Wahrnehmung“) and *UX Research*

SERVICE & LEADERSHIP

Leadership

Director, Immersive Reality Lab, Hamm-Lippstadt University of Applied Sciences

Mission: developing and evaluating trustworthy XR systems for learning, work and public-space interaction

Team: **11 research staff and 7 student assistants**; annual budget of approximately €1 million

Infrastructure: XR headsets, eye-tracking setups, physiological sensing, behavioural observation and coding

University self-governance

Department Council (Fachbereichsrat), HSHL — member since 2022

Commission for Quality Improvement, HSHL — member since 2022

Appointment committee (Berufungskommission), HSHL — member, one procedure

Degree programme co-lead (Computer Visualistics and Design) and research area lead are listed under Appointments

Conference & workshop organisation

since 2026	Steering Committee, International Conference on Quality of Multimedia Experience (QoMEX)
2026	Technical Program Chair, MMVE 2026, Hong Kong (co-located with ACM MMSys '26)
2026	Workshop Co-Chair, Augmented Humans (AHs) International Conference 2026, Okinawa Institute of Science and Technology Graduate University, Japan
2026	Co-organiser, workshop <i>Multi-User Interactions in Immersive Smart Spaces</i> , 10th ACM International Symposium on Pervasive Displays (PerDis 2026), Munich
2026	Co-organiser, <i>XR for Challenging Environments (XR4CE)</i> — second edition, 3 November 2026, satellite event of EuroXR 2026 and the Virtual Worlds Partnership Annual Forum, Valencia; with AIT Austrian Institute of Technology, University of Zagreb and Fraunhofer FIT
2023	Co-organiser, special session <i>Immersive Experiences</i> , QoMEX 2023 — with T. Kojić (TU Berlin) and S. Rossi (CWI Amsterdam)
2022	General Chair, QoMEX 2022, Lippstadt
2021	Co-organiser, special session <i>Quality and User Experience in Extended Reality</i> , QoMEX 2021, Montreal — held online — with T. Kojić (TU Berlin), G. Regal (AIT) and F. Garzotto (Politecnico di Milano)
2019	Local Chair, QoMEX 2019, Berlin — with I. Hube-Achter and I. Wechsung

Editorial boards

since 2025	Editorial Board, <i>Virtual Worlds</i> (MDPI)
since 2021	Editorial Board, <i>Quality and User Experience</i> (Springer)

Advisory boards

2025–2027	Advisory Board, TD-CHAT (Charité Berlin)
2023–2025	Advisory Board, STOP-CSAM (Charité Berlin)

Research proposal review

Germany: Deutsche Forschungsgemeinschaft (DFG) · BMBF project management agencies · VolkswagenStiftung · DAAD, in the Transnational Education line — degree programmes offered by German universities abroad

European Commission: Expert Evaluator, Horizon Europe

Other national agencies: FFG (Austria) · NWO (Netherlands)

Both as an individual reviewer and as a member of evaluation panels

Reviewing & programme committees

Conferences: ACM CHI · IEEE ISMAR · ACM VRST · QoMEX · INTERSPEECH · ICASSP

Journals: IEEE Transactions on Visualization and Computer Graphics · IEEE Transactions on Multimedia · JMIR · Experimental Brain Research · Journal of Building Engineering

Memberships

ACM · IEEE · VDE, including its Information Technology Society (ITG)

Joint publications, research proposals and project partnerships with partners in **19 countries**: Australia, Austria, Belgium, Brazil, Canada, Croatia, Denmark, Finland, Greece, Italy, Lebanon, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, United Kingdom, United States

Research stay: INRS Montreal, CA (2012) — Perception experiments using EEG

Named partner institutions

Politecnico di Milano IT — Social acceptability and interactivity in AR/VR; joint publications and supervision

University of Technology Sydney AU — Affect recognition in VR, virtual health assistants, digital twins; binational cotutelle doctorate (A. Pinilla, 2022)

American University of Beirut LB — Horizon Europe project on digital twins for extended reality

NTNU Trondheim NO — Quality of Experience, immersive media experience, QUALINET

University of Zagreb HR — ITU-T standardization of interactive VR test methods

University of Toronto CA — Randomised controlled trial on aphasia training (JMIR)

University of Bremen / St. Gallen DE/CH — Pseudo-haptics and vibrotactile feedback in VR (ACM CHI 2024)

Queen's University Belfast UK — Policy work on immersive technologies

SELECTED PUBLICATIONS

Chosen by a fixed rule rather than by preference: every publication carrying an award, then the most recent journal articles. The complete list of 235 — with filters by year, type and topic — is at voigt-antons.de/publications/.

[J35] Peperkorn, N. L., Ohse, J., Fox, J., Limberg, S., Hadžić, B., Rättsch, M., Voigt-Antons, J.-N., Withhöft, M. & Shiban, Y. (2026). **Effects of Change in Dysfunctional Beliefs and Self-Esteem in Avatar-Based Cognitive Therapy for Symptoms of Social Anxiety Disorder: A Randomized Parallel Trial**. Scientific Reports, 16, 6144.

[C90] Kojic, T., Vergari, M., Warsinke, M., Ali, D., Möller, S. & Voigt-Antons, J.-N. (2025). **Multimodal User Experience in Extended Reality: Exploring Hand Tracking, Voice, and Passthrough Interactions**. Paper presented at the international workshop on Immersive Mixed and Virtual Environment Systems (MMVE 2025), Stellenbosch, South Africa. — *Workshop Best Paper Award, MMVE 2025*

[C73] Koleva, K. G., Vergari, M., Kojić, T., Möller, S. & Voigt-Antons, J.-N. (2024). **Influence of Personality and Communication Behavior of a Conversational Agent on User Experience and Social Presence in Augmented Reality**. Paper presented at the IEEE Conference on Virtual Reality and 3D User Interfaces (IEEE VR 2024), Orlando, FL, USA. — *Preprint at arXiv:2403.09883; this entry cites the published version*.
